DYNAMICS XRM **BOOTCAMP**

This one day Bootcamp will be delivered by a Senior Consultant and provides key insights on what you need to know about building Line of Business applications with Dynamics 365

DYNAMICS XRM BOOTCAMP

Dynamics xRM accelerates the creation of line-of-business (LOB) applications using Microsoft Dynamics 365 as a flexible business application framework.

Faced with a difficult choice between packaged software and custom development, IT departments are often forced to compromise on capabilities, budget, and delivery time for LOB applications. xRM is designed to help organizations get the best of both worlds with a flexible framework that rapidly accelerates application delivery.
